QUALITY POLICY STATEMENT

“Performance Seats is driven to exceed our customers’ expectations with innovative products developed and produced with unrivaled quality and performance.”

OUR QUALITY COMMITMENTS

1 CUSTOMER FOCUS

We measure success by our customers' outcomes. Every decision is evaluated against the standard it sets for the products they receive and the experience they have working with us.

2 CONTINUOUS IMPROVEMENT

We pursue ongoing improvement in our processes, products, and systems — embedding quality at every stage of design, engineering, and manufacturing to eliminate defects before they occur.

3 IATF 16949 COMPLIANCE

Our quality management system is certified to IATF 16949, the international standard for automotive production. We maintain rigorous documentation, traceability, and process controls across all facilities.

4 EMPLOYEE ENGAGEMENT

Quality is everyone's responsibility. We invest in training, clear standards, and a culture where every team member is empowered to identify and resolve quality issues at their source.
